UNLEASH THE POWER OF YOUR BRAIN TO UNLOCK YOUR FULL POTENTIAL AND MASTER STRESS...

Do you want to learn how to master your brain and elevate how you think, improve your wellbeing, and achieve more in your professional and personal life?

If so, you are not alone.

According to a recent global survey, only 23% of employees feel engaged at work, while 44% reported feeling daily stress (*State of the Global Workplace Report (2023) – Gallup*).

That's why we created Stress Mastery, a training programme that will help you to master your stress and unleash the power of your brain. Whether you are a leader, a manager, or an individual, our programme will equip you with the skills and strategies you need to regulate your emotions and avoid negative emotion contagion.

- Create a psychologically safe and happy workplace environment
- Motivate and energise themselves and their team
- Become more effective and productive

What You'll Learn...

Our programme is based on six 'Big Ideas' that are supported by extensive research and evidence:

- **Attention and decision-making:** *understanding why your brain drives all behaviour – and why this matters*

- **Managing emotions:** *it's all about self-regulation*
- **Improving attention focus:** *how to be mindful*
- **Reframing your relationship with stress:** *from frazzle to Stress Mastery*
- **Emotional contagion:** *are you lifting up your team or bringing them down?*

Each of these 'Big Ideas' is covered in a separate module, where you will learn practical ideas, models and strategies that you can apply immediately. You will also get access to **resources and exercises** to reinforce your learning and track your progress.
